

## NEWS RELEASE

### **Sherwood Valve Appoints James Voitel to Product Manager, Refrigeration & LPG Valves**

*Washington, PA; June 7, 2010* – Sherwood Valve (including Superior Refrigeration Products) has appointed Mr. James Voitel to the position of Product Manager, Refrigeration & LPG Valves.

Mr. Voitel worked in the HVAC and manufacturing industry for over 30 years and has professional experience in the design, energy, contracting, and manufacturing disciplines. He has extensive product management and direct sales experience and brings an excellent knowledge of refrigeration and fuel gas practices to Sherwood in their application for both OEM products and aftermarket.

“As Sherwood Valve continues to grow and improve our refrigeration and LPG valve business, we are pleased to add Jim Voitel to our team as key player to our success in these markets,” expressed Dino Sciallo, Director, Sales & Marketing.

As Product Manager for major OEM’s such as York and Johnson Controls and as Marketing Director for Poolpak Technologies Inc, Mr. Voitel worked closely with Sales, Engineering and Manufacturing departments to meet the current needs of the customers and develop new markets within their core products.

Mr. Voitel earned his BS in Architecture (HVAC minor) from the College of Engineering, Temple University and his MBA from Philadelphia University. He also obtained credentials as a Certified Energy Manager (CEM) and Certified Plumbing Engineering (CIPE) and is an active member of the American Association of Heating Refrigeration and Air Conditioning Engineers (ASHRAE). In addition, he is certified in the proper handling of refrigerants.

#### **About Sherwood Valve**

Providing quality and innovative products for nearly a 100 years, Sherwood Valve produces valves and fittings for all segments of the compressed gas industry including: Industrial, Chlorine, Medical, Welding, Specialty, Semiconductor, Life support, LPG and Refrigeration.
